What We Work On

Cars, SUVs, minivans, cargo and passenger vans, and light-duty pickups, gas or diesel.

All work is done here in our bays. We do not offer mobile or on-site repairs, and we do not service box trucks or heavy-duty trucks.

Written Warranty

Repairs carry a 1, 2 or 3 year warranty, capped at 12,000, 24,000 or 36,000 miles respectively. Which term covers a repair is on the invoice.

Fix It on Your Schedule, Not the Road's

A breakdown costs a day of work on top of the repair. Planned maintenance moves that work to a week you choose. We keep each vehicle's history and tell you what is coming up before it becomes urgent.

Most Fleet Vehicles Run Severe Duty

Every maker publishes two schedules: normal and severe. Work vehicles almost always fall under severe, which shortens the intervals for oil, filters and fluids. It usually applies when a vehicle:

- Makes many short trips, or a lot of stop-and-go driving
- Idles for long periods at job sites
- Tows a trailer or carries heavy loads
- Runs in Texas summer heat day after day
- Drives on dusty or unpaved roads
- Is driven by several different people

We follow the maker's severe schedule for each vehicle, so you are not paying for work before it is due or missing work that is.

What We Look At on Every Visit

AREA	WHAT WE CHECK
Fluids	Oil level and condition, coolant, brake, transmission and power steering fluid, washer fluid
Brakes	Pad and shoe wear, rotors, lines and hoses for leaks
Tires	Tread depth, pressure, uneven wear that points to alignment or suspension problems
Belts and hoses	Cracks, glazing, soft or swollen hoses
Battery and charging	Battery test, terminals, alternator output
Lights and wipers	Every exterior light, wiper blades
Steering and suspension	Shocks, struts, ball joints, tie rods
Filters	Engine air filter and cabin air filter

You get the results in writing. Anything that needs attention is explained, with what can wait and what cannot, so you can decide.

Built Around How Businesses Run

Pay the Way You Already Do

Card on file, WEX or Voyager fleet cards, check or ACH.
Net terms for approved accounts, agreed with your company.

Your PO Numbers

We put your purchase order number on every invoice, so it matches your books without a phone call.

History by Vehicle

Service records kept for each vehicle, so you can see what was done, when, and what is due next.

Key Drop

Drop a vehicle and its key outside opening hours, and we pick it up from there when we open.

One Monthly Invoice

Every vehicle and every visit on one consolidated invoice, or an invoice per visit if you prefer.

Pre-Approval Limits

Set a dollar limit per visit. Work under it goes ahead; anything over it waits until your approver says yes.

Priority Scheduling

Account vehicles are slotted in ahead of general work. Tell us when you can spare a vehicle and we plan around it.

Account Pricing

Fleet accounts get account pricing, agreed when the account is set up.

How It Works

1

Apply

Online at tunecarcare.com/fleet or on the form at the back of this packet.

2

We set up the account

Payment method, approvers, your limit and how you want to be invoiced.

3

Send vehicles

Call, book online or use the key drop. Walk-ins are welcome too.

4

Get the paperwork

Written results for each vehicle and one invoice with your PO numbers.

Have This Ready

- A list of vehicles: year, make, model, VIN and plate
- Who can approve work, and a backup
- Billing contact and accounts payable email
- Whether you use PO numbers
- How you want to pay

Why Fleets Choose Us

- Straight answers: what a vehicle needs, and what can wait
- ASE-certified technicians, and an owner with 20+ years of experience
- 1, 2 or 3 year warranty on repairs, up to 12,000, 24,000 or 36,000 miles
- One contact who knows your vehicles

WHERE WE ARE

Easy to Reach From Across the Mid-Cities

On Grapevine Highway (Highway 26) in Mayfair Village, Hurst. Close to Bedford, Euless, North Richland Hills, Colleyville and Keller.

Address

Tune Car Care Center
608 Grapevine Hwy
Hurst, TX 76054
Located in Mayfair Village
